Resume (Built on the site or uploaded)

We have instructions for how to complete this at all of our centers and will help you!

I already have a resume – why do I need to complete the Background too?

When you search for jobs on Employ Florida, you can choose search criteria: location, pay rate, experience required, etc. All of that information is entered into the site by employers when they create a job order.

It works the other way too - if an employer wants to search for candidates like you, they can choose criteria as well – how much you want to make, where you're willing to work, how your skills summary matches up with the skills summary they entered for their job posting, etc.

When they are searching for this information, the search is based on your Background. **If your Background is blank, employers cannot find you.**

The screenshot shows the 'Search Criteria' form with the following fields and options:

- Area (click to change):** Manatee County and Sarasota County, FL
- Keywords (e.g. Accountant):** [Empty text box] with a '+ Show Keyword Search Options' link below it.
- Hide Additional Quick Search Options:** [Minus icon]
- Occupation Group:** Business and Financial Operations Occupations (dropdown menu) with a '[Select Specific Occupation]' link below it.
- Minimum Acceptable Salary:** \$21.75 hourly (\$45,000 annually) or more (dropdown menu)
- Include jobs with no salary listed
- Education Level:** 2 Years of College or a Technical or Vocational School (dropdown menu)
- Radio button options for Education Level:
 - Selected education level or more
 - Selected education level or less
 - Selected education level exactly
